MR. D. M. PARRY'S VIEWS

Is Not in Favor of the Abuse of
Power of Employer to In-
timidate the Employee.

Indianapolis, Ind., Sept. 1.—D. M. Parr, ex-president of the National Association of Manufacturers and a prominent Republican and manufacturer of Indiana, in reply to a letter from John W. Kern, Democratic nominee for vice president, yesterday announced himself as opposed to the posting of so-called prosperity placards in factories, in behalf of Taft's election, and against "business scares" gotten up for political effect. Mr. Parr said in part:

"I have had a good deal to say in the past about the abuse of power by labor unions—some people tell me I have said too much on the subject—but I have yet to say a word in favor of an abuse of power by the employer. And it is an abuse of the power of the employer to intimidate the employee that his services will not be needed if he doesn't vote a certain way. When a man is made to believe that his bread and butter depends on how he votes, he is no longer free to exercise his own judgment—he is deprived of the most important of his citizenship rights.

"I am sure that the great majority of the manufacturers of the country will refrain from the posting of the objectionable placards, and that mainly because it would be taking an unjust and distressing advantage of the employee. There is further reason also that most manufacturers run their business in accordance with the demand for their products and not in accordance with the political barometer.

"It is poor business judgment, on the face of it, to post a promise to run a factory full time in the event of any one's election, for there is a chance you know that the promise may have to be made good in the face of adverse business conditions. Should the promise for any reason not be 'made good,' the employer would be guilty of bad faith with his men, and if the employer does not keep faith with his men he cannot expect his men to keep faith with him.

"I think it would be impossible to fix a date for the return of full prosperity. It must be remembered that there are economic causes for business reaction which are quite beyond the power of political parties to control—this thing of looking to the government to give us prosperity has its limitations. But the recuperative power of the country are such that we can assert with confidence that times of industrial depression cannot long continue, and this also regardless of which of the two political parties is successful. I no more sympathize with the statement that Mr. Bryan is the enemy of industry than I do with the statement that Mr. Taft is the creature of the trusts, and as for Mr. Kern's possible election being a menace to business, it is positively absurd.

"As for the tariff, I think the country is to be congratulated in that both parties promise its readjustment. I believe that a speedy revision will materially assist in restoring business to normal conditions."

GALLIA SQUABBLE

Revised in Affidavits of Prominent Men—One Cites a Threat Made by R. A. Mack.

Columbus, Sept. 1.—Secretary of State Thompson, as chief supervisor of elections, received affidavits made by Jerome Wood, S. A. Dunbar, J. J. Thomas, A. S. Ripley, G. F. Carter and Leonard Beck Jr., all of Gallia county, relating to the Gallia county Republican squabble. The only one of importance is from Beck, a member of the county election board.

Affiant says that R. A. Mack made a threat, in order that he would vote for the Swiss faction, in that he said that Orrin Gould would not al-

ways be warden of the penitentiary. He takes it that his daughter, who is an employee of the prison, would be discharged from her position should Gould leave the institution, according to the language of Mack.

All of the affidavits are in favor of the Eagle faction.

SIX THOUSAND DEM. CLUBS IN NEW YORK BY AID OF TAMMANY

New York, Sept. 1.—Wm. J. Bryan will write each week until election a letter to be sent to every precinct Democratic club in the country giving advice and suggestion as to the line of campaign. This novel feature of a presidential struggle was made known today by John L. Tomlinson, head of the bureau of club organization of the national committee, who is now in this city organizing Democratic clubs throughout the eastern states. The plan of organizing Democratic clubs in voting precincts was devised by Mr. Bryan.

State Chairman William J. Conners today turned over to Mr. Tomlinson a list of 6,000 precinct committeemen in New York state who will be directed by the national committee to organize at once Democratic clubs.

TO IMITATE THE STANDARD

GERMANY WILL SEND REPRESENTATIVE TO THIS COUNTRY TO STUDY METHODS.

Does Not Wish to be at the Mercy of John D. Rockefeller—Has Rich Oil Fields.

Berlin, Sept. 1.—Impressed by the success of the Standard Oil company in establishing and maintaining a world-wide petroleum monopoly, Germany, it was announced will send a representative to America in the fall to study the Standard's methods to see whether a similar monopoly is possible in Germany.

Germany has long been dissatisfied with the Standard's domination of the German market, but has never been able to successfully combat it. Recently there was an effort made to form a company of the owners of the rich oil fields of Germany, Russia and other countries in opposition to the Standard, but the plan is still in an embryonic state. The oil fields of Russia are among the richest in the world and Germany sees no reason why with this great field almost at her doors, she should be at the mercy of John D. Rockefeller.

HIGH TAXES

Not Favored by Mrs. Eddy and She Will Retain a Legal Residence at Concord.

Newton, Mass., Sept. 1.—Mrs. Mary Baker Eddy, "e mother of Christian Science, will not enrich the Newton municipality by paying taxes on her personal property to this community. Despite the fact that she recently purchased an elegant estate here, Mrs. Eddy has elected to retain her legal residence at Concord. High taxes assessed here is believed to be the reason, but the assessors are going to test the decision of Mrs. Eddy, declaring it illegal.

KEENE SHOWS BIG WINNING

New York, Sept. 1.—Despite the altered conditions in racing, James R. Keene is well in front of the winning list of the present year, his horses having won \$220,655, and while they will not likely come up to the world's record of winning last year's of \$404,000 has every prospect of closely approaching that remarkable feat.

BALLOONISTS' THRILLING EXPERIENCE

Pilots of Queen Louise A-

Near Buffalo

WERE NEARLY DROWNED

Chicago Comes Down Near Piqua
—Ville De Dippe Makes
Second Flight.

Columbus race—Queen Louise, estimated distance, 250 to 300 miles.
Chicago race—Fielding San Antonio, 95 miles.
St. Louis race—Pommern, 880 miles.

An line distances, not the number of miles balloons may be driven out of straight courses, count.

Columbus, Sept. 1.—Lieut. J. J. Bennett of the British army balloon corps, stationed at Montreal, who with Tom L. Sample, newspaper man, of this city, piloted the balloon known as the Queen Louise when it left Columbus Saturday, the second starter in the race held by the local aero club, wins both the long distance and endurance trophies by remaining up 18 hours and alighting in Lake Erie, near Buffalo, N. Y. Colonel Charles A. Coey, owner, and Captain George L. Bumbaugh, builder and pilot of the Chicago, the largest balloon in the world, got second place in the race on both the distance and endurance tests. They remained up from 6:52 p. m. Sunday until 10:15 a. m. Monday, when they landed 10 miles from Piqua, in Miami county.

The balloon known as the Ville de Dippe in the Columbus race, which in its Saturday's start, made a flat failure because of the lack of gas and too much air in the bag, was started again last night to beat the world's record, with Captain Augusto E. Mueller as pilot, accompanied by Perry Gregory, aged 16, and Gerald Gregory, aged 18, sons of Charles E. Gregory of Chicago, owner of the balloon, and chairman of the national contest board.

Mr. Sample told a thrilling story of his experience. After describing the drifting of the balloon out over Lake Erie at an early hour Sunday morning, he continued:

"The rising sun expanded the gas in our balloon and took us up into the dangerous altitude of 20,000 feet. Both of us were nearly starved and our lips were cracking open for want of water. Drowsiness began to steal over us and we went to sleep. I do not know how long, we slept, but, on casting out a piece of paper, which rapidly disappeared above us, we found that we had fallen 10,000 feet in less than four minutes, and were within 5000 feet of the earth.

"We took an inventory of all things which we could throw away. We were at the highest point, unable to distinguish even a steamer on the lake, or the land. The balloon continued to drop until all ballast and everything but our clothes had been thrown away, and we were nearly famished for water. Just as we were ready to throw away our clothes I sighted a steamer, the Mohegan. I signaled with my shirt, and they changed their course and came after us. In this way we drifted 10 miles with a boat following, and we were still 1,000 feet high.

"The yawl was then let off and in doing this one of the boatmen fell in the water and was nearly drowned. Just as the big balloon sank into the waters of Pigeons bay, 20 miles from the Canadian shore, we scrambled into the rigging and hung their until our arms were nearly torn from their sockets, so great was the strain.

"The second yawl which had been lowered, reached us just as we were sinking into the water of the lake and we were hauled aboard. The rip cord of the balloon was pulled and we got out from under it in the boat just as it settled on the water. The balloon was towed to the steamer and we were taken aboard very weak. Captain Cunningham of the steamer, a freighter running from Buffalo up the St. Clair, took us in and fed us. We were too tired to eat or sleep. I hunked in the captain's cabin and Bennett was stowed away in the mate's.

"The rescue was effected at 10:30 Sunday morning. We were treated like inhabitants from another world and well fed.

"If the steamer had not been sighted we should have had to cast off the anchor in preference to lighting in

GEN. WRIGHT AND GEN. BELL WHO REVIEW CAVALRY FORCES.

Washington, Sept. 1.—Gen. Luke E. Wright, secretary of war, accompanied by Maj. Gen. J. Franklin Bell, U. S. A., left Washington on August 29, for Ft. Leavenworth, Kans., where they will witness the extensive cavalry maneuvers to be conducted at the post. It will be General Wright's first introduction to the army since he succeeded William H. Taft in the cabinet. General Wright will return to Washington on September 4.

LARGE ORDER PLACED WITH JEWETT COMPANY

Over 350 Men Will be Put to Work in a Short Time—Pay-As-You-Enter Cars to be Railway Company's Standard.

New York, Sept. 1.—The New York City Electric Railway Co., has let a contract for 100 pay-as-you-enter cars to the Jewett Co. company, of Newark, Ohio. The officers have accepted the Jewett company's design as their standard.

On receipt of the above telegram an Advocate reporter called upon Mr. W. B. Wingerter, the Jewett company's purchasing agent, who verified the above dispatch.

The securing of this order was due to the fact that the New York Electric Railway company, after an investigation of several makes of all new type of pay-as-you-enter cars adopted the Jewett's design.

This type of car is covered by six different patents, controlled by Mr. W. S. Wright, president and general manager of the company.

The securing of this large order means that within a few weeks the company will put on a large force of men, increasing their list of employees to the regular force of 350 men. It will also be the means of securing a number of large orders in the future for this new type of car which will keep the big local concern running steadily.

One of the principal features of the car is the sliding door arrangement which will give seating room for from ten to twelve more passengers than under the old plan. Folding seats arranged in the rear vestibule give additional seating capacity when necessary.

OVERTHROW OF THE SHAH IS PREDICTED

Army Leaders May Establish Provisional Government

RULER'S TROOPS ROUTED

Heavy Slaughter Occurs at Tabriz
One Leader Losing 800 in
Killed and Wounded.

St. Petersburg, Sept. 1.—The speedy overthrow of Shah Ali Mirza is foreshadowed today in dispatches received from Teheran by the foreign office, which stated army leaders are considering the deposition of the Shah and the establishment of a provisional military government, pending the selection of a successor to the Shah. The foreign office says the situation is analogous to the Turkish uprising, that resulted in the Sultan's being forced to grant the people a constitution.

The Shah is reported preparing to flee from the Persian capital. Today's dispatches are in keeping with the trend of events in Tabriz, the hot bed of Persian revolution, where the Shah's troops have just been routed after an unsuccessful attempt to capture the city from Sattar Kahn.

Heavy slaughter accompanied the fighting in Tabriz, one leader of the Shah's soldiers losing 800 in killed and wounded. Tabriz is now so completely in the hands of the revolutionists that it is doubtful whether the Shah will make a further attempt to regain it.

DISGUISED AS SOLDIERS

POLICE AND OFFICERS ON THE
LOOKOUT FOR MEN DOING
HOLDUP ACT.

Visitor at Fort Who Was Attacked
Returned Shot, but Highway
men Had Fled.

New York, Sept. 1.—Both the police and the officers of Fort Totten today are endeavoring to find two men dressed in khaki uniform who yesterday attempted to hold up W. S. Stewart at Bayside park. Mr. Stewart had visited Fort Totten and was on his way home. Within a short distance of his own home he was attacked.

Stewart eluded the two soldiers who tried to stop him, went to his home, and then, armed and accompanied by a neighbor, started back to find the men. They were skulking behind an unoccupied house and when they saw Stewart and his companion, fled.

Officers at the fort were notified and all soldiers returning were questioned by the officer of the day. No clue was found to the identity of the highwaymen. The neighborhood is frequented by men from the fort, and the police believe that two would-be holdup men used a military uniform as a disguise.

HEAVY VOTE PREDICTED.

Burlington, Vt., Sept. 1.—Voting began today in the state election here. In Burlington the voters reached the polls early. Reports from other parts of the state show that the vote is coming out early, and it is predicted that a heavy vote will be cast.

SHORTAGE

Has Been Discovered in Havana Post-office—Innocent Out for Official.

Havana, Sept. 1.—Cuban authorities today put out a dragnet for Senor Rodriguez, chief of the bureau of supplies and vouchers in the Havana postoffice, where a shortage of over \$100,000 has been discovered. It is presumed Rodriguez has left the island. This is the second big fraud in the Havana postoffice. Chas. F. Neel, who assumed office shortly after the American occupancy of the island, was convicted of frauds running into thousands.

States J. W. Long a Traveling Man,
in a Letter Received by the
Advocate.

Liberal, Kas., Aug. 29, 1908.
Editor Advocate, Newark, Ohio:

Dear Sir—I noticed in this week's American Tribune that Mr. George H. Hamilton had returned from Seattle, Wash., and found every thing in the western states for Taft. Now, I don't know where Mr. Hamilton got this dope, but I think he must have procured some at Republican headquarters in Chicago on his way home. I have been all over the northwest and southwest this summer and know the conditions in these states and as I travel slower than Mr. Hamilton have had a better chance to observe the condition of affairs, and will state if Candidate Taft is depending on this vote to place him in the White House he will get left at the post.

Even Kansas will be found in the Democratic column this fall. The reasons for this are many, which I will not enumerate here.

Business men, traveling men and others whom I come in contact with can't understand why those reforms which the Republican party advocate now, have not been placed in force sooner, as they have had absolute control of the government for several years past.

I am a resident of Texas now and think I can safely state without fear of contradiction that it will go Democratic this fall.

As Mr. Hamilton is an old show man, I will give him a tip—if he can get a real, live Republican and bring him to Texas and exhibit him under canvas as the faire this fall, he will make enough money to retire in November with Mr. Taft, from active politics. Very respectfully yours,
J. W. LONG.

Enforced.

Seagirt, N. J., Sept. 1.—Atlantic City will stay closed in conformity with the law, so long as I am in the executive chair, declared Governor Foot when told of the results of the efforts to enforce the laws Sunday. The governor was dejected at the success of the law enforcement movement. "No man, much less any city, dares openly to disregard the laws for any very long period," he said. "It is the governor's duty to see that the laws are upheld. Atlantic City must remain closed on every Sunday to come as it was yesterday. Vigilance of the state authorities will not be relaxed."

CASE AFTER CASE.

Plenty More Like This in Newark.

Scores of Newark people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Amos Frey, Toboso seven miles east of Newark, O., says: "I have been entirely free from kidney trouble since Doan's Kidney Pills cured me over eleven years ago. Prior to that time I suffered severely from pains through the small of my back and loins which were always aggravated by the least exertion. If I sat in one position for any length of time, my back became so sore that I suffered untold misery. I used several remedies, but the relief obtained was slight and I continued to grow worse until I was in a serious condition. I finally read of Doan's Kidney Pills and as they were highly recommended for complaints similar to mine, I procured a box at Crayton's drug store. They acted just as represented, going directly to the seat of my trouble and ridding me of all pain. I have always highly endorsed Doan's Kidney Pills and deem it a pleasure to do so whenever an opportunity presents itself."

UNITED BRETHREN

Church Asks for Return of Rev. Sager Tryon—Best Year in History of the Church.

The Church of the United Brethren in Christ held its last official board meeting of the church year Monday evening, August 31.

This is the fifteenth year of the church's history in Newark, O., and in many respects it has been one of the best.

The present pastor Rev. Sager Tryon completes his second year with the church. That his work has been of a highly satisfactory nature is evidenced by the fact that the official board of the church has instructed their delegate to conference to unconditionally ask for his return to them for another year. The pastor's report to conference will show gains in every department of church work.

PLEASANT SURPRISE

Mrs. E. Harter of Hebron was very pleasantly surprised on Monday, Aug. 31, 1908, being her sixty-eighth birthday and the children gathered at her home with well filled baskets. Mrs. Harter was the recipient of many beautiful presents, after the presentation of which a sumptuous dinner was served to four generations.

Those present were Mr. and Mrs. William McFarland and son Claud, Mrs. Ralph Fulkerson and son Roy, Mrs. Fred Blanner and Mrs. Fred McFarland and her two sons and her two sons and daughter of Columbus; Mr. Andrew Harter, Mrs. Minnie Huffman, and Mrs. William Grindle of Newark; Mrs. William Good and daughter Golda, and Mr. Alva Good and wife of Ridgely Tract; Mr. and Mrs. Hiram Harter of Magnetic Springs, O. Everybody had a good time and separated in the evening for their different homes with many good wishes.

FIRE DESTROYS AUTO

Mr. Robert Baker, the son of Mr. M. Q. Baker, of Coshocton, both well known in this city, being interested in a number of local business enterprises, had a narrow escape from death in an auto accident in their home city Sunday evening. Mr. Baker and Mr. William Lynde, of Coshocton, were riding in the country when an open cock valve on the gasoline tank caused the gasoline to ignite. The entire carriage was destroyed by the blaze while the occupants of the car were helpless to put out the fire. It is considered miraculous that an explosion of the gasoline did not occur, in which case both would have been seriously if not fatally injured.

AUTO OWNERS HOLD MEETING AND ORGANIZE

Enthusiastic Meeting of Auto Owners Form Organization and Elect Officers.

At a large and enthusiastic meeting of Newark automobile owners, held at the rooms of the Board of Trade on Monday evening, the Licking Automobile club was launched. J. M. Mayhew, secretary of the Board of Trade, was made chairman of the meeting.

Addresses were made by J. R. Fitzgibbon, A. B. Schauweker, Fred C. Evans, John Swisher and others, mostly along the line of what a club might do as to good roads, social features, etc.

A motion was made and carried to proceed to an organization, and an election of officers. It was unanimously agreed that the name of the club should be "The Licking Automobile Club," and that all car owners in the county should be eligible to membership.

The following well known gentlemen were then elected officers: J. I. Mathias, president. M. J. Reese, secretary. Carl Swisher, treasurer.

Executive committee: John Swisher, A. B. Schauweker, J. R. Fitzgibbon, Fred C. Evans, J. J. Carroll, Jas. C. Mills, A. H. Halsey, E. T. Rugg, W. W. Wehrle, W. S. Weiant, J. S. Jones, Granville, H. B. Rusler, Johnstown, Job Wilson, Utica, Lewis Coffman, Jacksontown, C. A. Pence, Hebron.

BADLY INJURED

Samuel Lichenstein Suffers Severe Injuries in a Runaway—Horse Frightened.

Samuel Lichenstein, aged 19, residing at 78 Eighth street, sustained a scalp wound that required seven stitches, a severe cut on one ear and numerous painful bruises, in a runaway accident Monday noon.

Mr. Lichenstein is a delivery man for C. G. Streams' grocery, corner of Church and Eleventh streets, and was driving on Granville street when a trace broke on one of the shafts, frightening the horse, which started to run. The driver was thrown to the street and dragged quite a distance. He was picked up unconscious and taken to the home of Dr. Day, Granville street, from where he was later removed to the office of Dr. C. B. and C. A. Hatch, in G. W. Lane's auto. His injuries were dressed and he was taken home. He is not considered in a serious condition.

The horse ran up Granville street to the corner of Ninth where it collided with a tree, demolishing the wagon and spilling fruit all over the streets. The horse was caught and found to be uninjured.

TREES AS TOWN BEAUTIFIERS

How a Missourian Made His Home City Attractive.

The prairie town without trees is cheerless and unattractive. Few things add more to the attractiveness of a town than rows of thrifty shade trees planted along its streets.

Village and town improvement societies and civic associations have done much to promote tree planting, especially in the prairie regions of the middle west. Where trees adapted to local conditions have been planted and where the citizens have cared for them and taken an interest in them the results have been remarkable.

A public spirited man residing in a city in Missouri has been doing commendable work along this line in connection with the Civic Improvement league of his city. In the year 1901 he planted a large quantity of seeds of various trees in nursery rows. He carefully tended the young seedlings and a few years later dug them up, labeled them and turned them over to the school children free upon condition that they should be planted and cared for. Since the trees started life with the beginning of the present century they were called "century trees," and this gave them additional interest.

Each child was given printed directions, which were headed as follows: "Ornament your homes. Plant century trees, seedlings of 1901. They are living monuments; watch them develop. They began with the century, and the century as it advances marks the record of their age year by year."

Those who received trees were directed to dig holes two feet in diameter and one and a half feet deep. They were told to keep the roots of the trees moist and covered until planted, to see that all torn ends of roots were cut off smoothly and to cut back the side branches about a quarter or third of their length or, if the tree was a straight shoot without branches, to cut back the tip a few inches. This pruning was to balance the loss of roots in digging up the trees.

In planting the tree they were told to spread the roots out into natural position and to set the tree about an inch deeper in the ground than it stood in the nursery; to use good rich soil, but to allow no fertilizer or mulch to come into direct contact with the roots; to work the soil carefully about the roots and to water the tree plentifully every few days after it was set out and during the dry weather of summer.

Five or six thousand trees were given away in this manner. Two or three trees were given to each child who asked for them, and almost every child did so. There were many species, and naturally some died, but few children lost all that they planted. Each child who received trees was required to fill out a slip giving his name and address and the place where the tree was planted. The trees in public places will be labeled when they have grown somewhat larger.

The town is now dotted with these little century trees, which have become the pride of those who planted them.

The Surprise

Mentioned a few days ago is as follows. After this date I will depart from usual custom among grocers, not only here, but elsewhere, of almost blocking the

Sidewalks

with their goods, making it hard to get through on a busy day and presenting a very unsightly appearance. The

Sidewalks

are made for the public to walk upon, and

for merchandise and I am greatly surprised that merchants persist in putting their goods out where

Flies

dogs, and filthy dust from the streets render them unfit for eating.

I have always been opposed to this way of doing, but listened to the advice of others until now.

This Store

has always had a fine trade on

Saves Babe's Life.

Mr. Morris Kent, of the Kent Bros. feed stores, is receiving congratulations upon saving the life of a child on South Fifth street. Mr. Kent stopped at a watering trough to water his horse when he saw a babe a few months old fall head foremost into a full tub of water on a nearby porch. Mr. Kent made a rush for the child and pulled it from the water as it was struggling helplessly in the tub. The mother of the child was engaged in washing and had left the child in its cradle a few minutes before.

An Old Time Basket.

When the J. M. Browne's Sons' grocery was moved recently to its present location, there was found among the old things stored away an old split hickory basket with the name of T. H. Sites painted on the sides. About 15 years ago Mr. Browne purchased the stock of Mr. Sites, who for many years kept a grocery at 23 South Park Place, where Mr. W. Priest now does business, and this basket was among the stuff sold to Mr. Browne. Saturday evening the basket was at back to Mr. Sites by Browne's Sons with this tag attached: "Here's your old basket that I borrowed 40 years ago." Mr. Sites was much pleased and will keep the basket as a relic.

Fruit Had Disappeared.

Stephen Wood, a bachelor, living on North Stanberry street, is considering filing a complaint against some of his neighbors, charging them with knowledge of the disappearance of some of his fruit so he told an Advocate reporter. Tuesday Wood was arrested Friday on a charge preferred, he says, by neighbors. Wood

admits having taken some whisky on account of hay fever and says that he was in his house and not disturbing anyone when he was arrested. He says that upon his release Monday, he found that his fruit trees had been stripped and that plums, grapes, apples, pears, peaches and quinces had been taken. He stated that of 72 tomato plants that were full of fine tomatoes when he left, on his return he was only able to find about a bushel.

And now that well known and prominent Republican paper, the Cleveland Leader, has bolted the "deputy" candidate for State Treasurer, which was foisted on the party by the Cox-Guilbert-McKinnon bosses at the late Republican state convention. Like the Toledo Blade, Sandusky Register and other leading Republican papers, the Leader is not willing to swallow the state house bossism which is now notoriously undertaking to perpetuate the state treasury graft.

The attempt of the Republican managers to "poop" John Mitchell in this campaign has proved a dismal failure. The great labor leader emphatically declares his support of Gompers and of the Bryan and Kern ticket. In himself John Mitchell is a host.

Some men are at work repairing the outside of the state house at Columbus. What the old building needs is a thorough cleansing out inside from top to bottom, and that is what the voters of Ohio will do in November.

JUDGE PARKER'S PREDICTION

(Plain Dealer.)

Judge Parker of Esopus, sometime candidate for president of the United States, has stepped forward and spoken. Four years ago Judge Parker was known as the silent man, and nothing has happened since then to alter this estimate. But now he has spoken right out in public, has expressed an opinion, even as any other human being might.

Judge Parker believes that Wm. Jennings Bryan will be the next president of the United States. Mr. Parker is no devoted follower of the Nebraska agriculturalist. He has, in fact, been popularly classed as one of Mr. Bryan's bitterest opponents. So that for this reason, alone, the prediction of Judge Parker is worthy of consideration. But there are other reasons. The judge has just completed a protracted tour through the west, has visited practically every state beyond the Mississippi, has held converse with the leading citizens of these states. These men, prominent in business life, have informed the judge that the west is for Mr. Bryan not only the radical western element, but the solid conservatives as well, men who believe that a change of administration from the Republican to the Democratic party would be a good thing for the business of the country. Most important of all in considering

CREAMER VS. GREEN.

(From the Cleveland Leader, Republican, Aug. 28.)

It is authoritatively announced that Charles C. Green, Republican candidate for state treasurer, has refused to resign his place on the ticket. Perhaps it is just as well. Mr. Green, knowing as he must know, that he is not an available candidate, has declined to subordinate his personal ambitions to his party's good. But he can be made to serve his party's interests just as surely as though he had tendered his resignation to the state committee. He can be made an example and a warning for future state conventions that will have a healthful influence in all political parties.

Green was not nominated because of his fitness for the important office he sought. He was not nominated because of his high character and standing before the people. He was named for the state treasurer because of the selfish interests of a few men who, by concentrated effort, were able to influence a majority of the convention delegates against their better judgment. The man had just come through an investigation of the state treasurer's office and had admitted under examination, facts that proved him careless or inefficient or both. His attitude during the investigation was flippant and unsatisfactory. By the commonest rules of honest American politics he was absolutely unavailable as a candidate. Yet despite all the balance of good judgment and common sense against such a nomination, Mr. Green won.

Just as a plain measure of party preservation the Republicans of the state owe it to themselves to teach Green and his backers a lesson. The party cannot permit such open defiance of its best interests to go unrebuked. If partisan considerations alone were at stake Charles C. Green should be defeated. But a higher interest than partisanship is involved. The voters of Ohio are American citizens first, and party men afterward. Their plain duty as citizens is to see to it that only the best men possible be chosen to public office. They cannot afford to make exceptions to suit party exigencies. The line between efficiency and inefficiency must be drawn sharply and sternly without regard to partisan prejudices.

In the matter of the state treasurer's office the choice is an easy one. David S. Creamer, Democratic nominee, far outclasses Green in record and in promise. He should have the support of the good citizenship of Ohio.

the weight of Judge Parker's prophecy is the character of the prophet. He is a man of most religious temperament, one who dislikes above all things to "go off half cocked." Before he speaks each word is well weighed, before he makes a prediction he is convinced in his own mind that the prediction will be fulfilled.

Just now this and the other great man may be expected to tell how the election is going to come out. Ninety-nine and four-fifths per cent of these expressions of opinion will be worthless. In the tiny majority of those whose words should carry a certain amount of weight is Judge Parker. His statement, obtained by the Plain Dealer, will be noted with interest all over the country, and will not be forgotten even in the heat of the coming campaign. He may be wrong, but he believes he is right, and the opinion of Judge Parker is entitled to more than a modicum of respect.

VETERAN EDITOR OF THE NEW YORK SUN.

CHESTER S. LORD

New York, Sept. 1.—Every one of the nights upon which a newspaper goes to press is to a managing editor a Trafalgar or a Waterloo.

Chester S. Lord, managing editor of the New York Sun, has fought and won approximately 10,000 of these battles. Some members of his staff once said that in each of these battles Mr. Lord had been arrayed against 10,000 demons of detail which go to make up the great army of nervous prostration.

When Mr. Lord passed his twenty-fifth anniversary of service as managing editor of the Sun in 1905, his staff gave him a dinner as a tribute of affection to "a supremely able man and a just and kindly man."

Most managing editors of the big newspapers are buried in awe-inspiring offices and are but little known to their reporters. Mr. Lord sits in the big workroom of the Sun, in full view of every corner of the place and in personal contact with every member of his staff. Perhaps that is one of the reasons why the Sun Alumni, men who have graduated to magazines and other newspapers, look upon Mr. Lord as a beacon light of newspaperdom, says the August Broadway Magazine.

Joining the staff of the Sun in 1872, as a reporter, Mr. Lord became managing editor eight years later, and for seventeen years served in that capacity under the late Charles A. Dana, enjoying the latter's confidence and approbation and profiting by his splendid examples and marvelous ability.

Under Mr. William M. Laffan, the present head of the Sun Publishing Association, Mr. Lord has continued his work with success.

The Nation Is Rich And Growing Richer.

By Judge ELBERT H. GARY, Chairman of the U. S. Steel Corporation.

FINANCIAL conditions are improved and improving. THE LEGISLATION RECENTLY ENACTED IS A STEP IN THE RIGHT DIRECTION. Next autumn will not witness a repetition of the scenes of October, 1907. There will probably be worked out a financial system which will provide funds for the expansion or contraction of the volume of business and for the immediate wants of particular localities which result from the exigencies of the time and place.

THE NATION IS RICH AND RAPIDLY GROWING RICHER. It compares most favorably with all other nations. Its opportunities in the direction of material growth are greatest of them all. If one glances at the figures relating to the increase in population or additional value of property and amount of money in the treasuries and the banks and in general circulation, one is amazed at the enlargement in resources and financial strength of the country. The wise are even now prepared to reap the benefit which will result from these conditions when the tide of business fully returns.

WE SHALL DO BUSINESS ON A BASIS SOMEWHAT DIFFERENT AND VERY MUCH BETTER THAN IT HAS BEEN DONE. WE SHALL BE MORE CAUTIOUS, LOOK FARTHER AHEAD, KEEP MORE CLOSELY WITHIN THE LIMITS OF OUR RESOURCES, BUT WE SHALL HAVE CONFIDENCE IN THE FUTURE.

Give Industrial Education As Well as Intellectual.

By ANDREW S. DRAPER, New York State Superintendent of Education.

DO not the programmes of the schools and the influences of the teachers often lead boys who might make excellent cabinetmakers into being poor lawyers and induce girls who might be first rate dressmakers to become third rate music teachers?

A MECHANIC WHO HAS REAL SKILL AND IS PROUD OF IT IS LIKELY TO BE A BETTER MAN AND A MORE RELIABLE CITIZEN THAN IS AN INDIFFERENT PROFESSIONAL MAN.

I think that the present organization and tendency of the school system, acting upon the national temperament, LEAD MANY INTO OCCUPATIONS WHICH ARE ALREADY OVERCROWDED AND FOR WHICH THEY ARE NOT BEST ADAPTED and that our prevailing educational scheme gives some favor to intellectual as against industrial occupations. This is in violation of our fundamental political principles.

I am for restoring the equality of opportunity, for giving the mechanical pursuits as full equivalent as we can for the training that we are providing for the intellectual pursuits and for avoiding any course which tends to make misfits in life. I have said nothing inconsistent with this.

I WOULD BE UN-AMERICAN IF I BELIEVED IN "CLASSES" OR HAD ANY DISPOSITION TO KEEP CHILDREN IN A "CLASS." IT IS NOT A QUESTION OF "CLASSES," BUT OF EFFICIENCY AND THEREFORE OF HAPPINESS IN OCCUPATIONS. AND WHAT I AM URGING IS THAT THE SCHOOLS SHALL NOT BE EXCLUSIVE IN ANY SENSE, BUT SHALL BE AS MUCH CONCERNED ABOUT INDUSTRIAL AS ABOUT INTELLECTUAL EDUCATION.

SUSPECT

STRANGERS OF KNOWLEDGE OF WHEREABOUTS OF ABDUCTED MILLERSPORT GIRL.

Later Developments in Remarkable Case of Miss Culp—Condition Improved.

The mystery of the prolonged disappearance of Miss Josephine Culp, of Millersport, and the ultimate discovery of her unconscious form lying bound and gagged in the roadway but a trifle over two miles from her home, Sunday midnight, still deepens. New developments in the remarkable case point to the possibility that the young woman was the victim of an attempt to hold her for ransom, while some of the additional facts give rise to the belief that agents of "white slave" traffickers from Pittsburgh, Pa., are at work in the vicinity.

Suspicion rests upon a stranger who was seen about the lake the night of the kidnapping and also on Sunday night, and it is believed that he was interested in the girl's disappearance. The stranger, for whom a search is being instituted, accosted a man named Woolard at one of the park concessions after the girl's disappearance, and asked him if he knew the Culp girl. Woolard answered that he did, whereupon, it is stated, the stranger informed Woolard that he had seen her on the street in Newark the day before and had a long talk with her and that she described him (Woolard) and asked to meet him. Woolard disbelieved the man's story, because he was acquainted with the Culp girl, so later, when he refused to meet her at the stranger's request, the man accosted John Rowley, a friend of Mr. Woolard and asked him to fill the engagement with the girl near the boat house. Rowley also declined and a watch was put on the stranger, who appeared very ill at ease and busied himself walking to and fro in the vicinity of the boat house.

It is believed by the parents of the girl that the stranger, who had previously informed Woolard that he was from Pittsburgh, and that he intended returning as soon as he got some money that was due him, knew all about the whereabouts of their daughter and was probably the agent for her abductors. They further believe that the fellow overheard their conversation with a park officer and then attempted to get rid of the girl. Then, failing in this, that he succeeded later in taking her to the spot where she was found. This supposition is borne out by the statement of Woolard to the effect that late Sunday evening, after the stranger had disappeared in the direction of the boat house, he heard a launch put out some distance below the regular landings.

The condition of Miss Culp is somewhat improved. Tuesday morning she was able to sit up in her bed and take nourishment. Although very weak and nervous, she is reported having rested very well during the night, and is said to be well on the road to recovery from her thrilling experience.

HISTORIC BATTLEFIELD OVERLOOKING THE HUDSON.

STONY POINT MEMORIAL ARCH

New York, Sept. 1.—Stony Point, around which were fought many battles in the war for American independence, is shortly to be adorned with a triumphal arch. The historic battlefield, on the Hudson is now reserved as a state park and is enclosed and guarded. It has been permitted to remain all these years practically as it was in the days when the nation was young.

The Daughters of the American Revolution are to erect the arch. The structure will be of rough-cut granite,

30 feet wide and 28 feet high, while the span through which the visitors enter will be 12 feet in width. The sculptor is H. K. Bush-Brown and the builder Calvin Allison.

Over the archway will be the inscription, "Enter here with reverent step, for this is sacred ground."

Stony Point in the war of more than a century ago was fortified by American patriots. Sir Henry Clinton took it, and he in turn was dislodged by the attack of General Wayne, known to fame as "Mad Anthony."

HIS HORSE WAS STOLEN.

Locking the stable after the horse is stolen is about as sane an act as trying to grow hair after the head is bald.

If the hair root be absolutely dead, permanent baldness will be your lot, and you might as well cheer up and tell your friends that it isn't so bad after all, as to bemoan your fate.

But if your hair is just beginning to thin out; if the thought occurs to you that in a year or two you can take your sea in the bald-headed row without being asked for credentials, then you've got a chance, and a great big chance.

If your hair is falling out or thinning out, don't wait another day; go to Evans' the druggist, and get a bottle of Parisian Sage, the most efficient hair grower the world has ever known.

Don't say: "It's the same old story. I've heard of it before." But try a bottle at T. J. Evans' risk.

He guarantees Parisian Sage to grow hair, to stop falling hair, to cure dandruff, and stop scalp itch in two weeks, or money back.

Parisian Sage is the most invigorating hair dressing made. It is anti-septic; it kills all odors that are bound to arise from excretions of the scalp during the hot months, and everyone knows that sage is very cooling to the scalp.

Parisian Sage is a prime favorite with discriminating ladies, because it makes the hair lustrous and luxuriant. Get a large bottle from Evans' drug store, Warden Hotel block, for only 50 cents, or by express, all charges prepaid, from the American makers, Giroux Mfg. Co., Buffalo, N. Y.

(By F. W. Sheridan.)
"Till for tat," yelled Manager Harry Ellis as he accompanied his bunch of ball tossers off the field at Millbrook park, Monday afternoon, after giving the Shoemakers their third straight beating. The score was 3 to 1, and those who were present had the satisfaction of seeing one of the best and most evenly contested games of the year, and don't think for a single moment that there was a poor crowd out—numerically speaking—for more than 400 fans witnessed the struggle, the pretty women with their flower bedecked bonnets, turning the grand stand into a perfect bower of loveliness. O, won't the society editor fume when she reads that sentence! When the game was one of those snappy, full-of-life, never-a-moment-wait kind, and the dash and vim displayed by the players on both sides sort of relieved the monotony that has been so characteristic of the other struggles. Of course, dear friend, it would have been so much better had the locals won, but you know one of the things that keeps the great American pastime in the front of all sports is its uncertainty, for just like the Dutchman's shoe, now you have it and now you don't.

Gene Crichton, whom Manager Fox of the Lancaster team has characterized as the "find of the year," was in the box for the home boys and he pitched a remarkably effective game, for in only one inning did the Newarkites get gay with his offerings. It is true that in this inning he lost the game that he flung. He was cool, collected, and had great control. He again demonstrated that he is amply able to care for himself in this connection.

less for five innings, and in the sixth started the hunting game and got away with it. Abbott beat out a little one, and so did Gygli. Smith sacrificed, and at this point Wratten made his famous hit, scoring Abbott and Gygli. Winters kept up the good work by slamming a double to left, and when Williams lofted to left, Wratten scored after the catch. Quailley went out second to first.

It looked like a shut out for the locals until the ninth inning when after Nagle had gone out on a warm one to the pitcher, Dooan got in the way of a pitched ball and limped to first. He took second when Connolley shoved one to Quailley who handled it in time to nab the catcher at first. Moeller batted for Horning and made good with a pretty single to left. Dooan scoring. Campbell was batted for Crichton, but the best he could do was a little roller to Quailley, who tossed him out at first and the game was over. The score:

JUSTUS
May be Forced to Quit Baseball Says His Physician.
Walter Justus, of Lancaster, a star Ohio State league baseball pitcher, who was recently signed by the Columbus American association team for next year, will, if he heeds the advice of physicians, never twirl another game of ball.

MUST
Finish Season or Players Will Become Free Agents, Says President Charles Morton.
It may be interesting for club owners of the Ohio State league to know that the O. P. league has been ordered along with some other minor organizations, to play out its season or have all the players declared free agents.

GAVE THREE HITS
Fred Kechl, the Newark pitcher, let the colored Giants, a colored team of Columbus, down with three hits and one run Sunday. Tiffin playing errorless ball behind him. The score was in favor of Tiffin, 3 to 1.

UMPS SIGNS
Harry Truby, famous some years ago as a second baseman and lately umpire in the South Atlantic league, joins the Ohio State league staff today. Scott Hardesty was called home yesterday because of illness in his family. Truby's home is in Irondale.

New York, Sept. 1.—John L. Tomlinson, head of the Democratic bureau of club organization, last night made known the appointment of Roger S. Hoar of Cambridge, Mass., as chairman of the national committee on college club organizations.

NEWARK
Is Given Nice Compliment by Sport Writer—Thirteen More Days of Baseball.
Manager Harry Ellis has his team playing at top speed all the time, and has instilled his players with the right kind of a spirit. And he has taken care that the fine points of the game have been drilled into their craniums. The team is an evenly balanced one but like all the others will be shot to pieces when the drafting season opens. Pinkney at second, has turned the team into winner. He is a little sawed off sort of a chap, but he is certainly a ball player.—Portsmouth Times.
Thanks, Sheridan.

THE BUSINESS OUTLOOK.
Times are not so awful, maybe, as we would believe, things are looking brighter all the while; business soon will boom again our losses to retrieve, and again we'll wear a happy smile. The season has been backward, but still it's not too late, for painting house or fence or barn, the weather is just great. And when it comes to choosing the right paint you'll be sure to find in our Aurora Paint the best, and one that's pure. Aurora Mixed Paint is an old-fashioned lead and oil paint. Manufactured by The Marietta Paint & Color Co., Marietta, Ohio. Sold by Newark Paint Co., 31 West Church street, Newark, O.

WHOLESALE DELIVERY

OF MEN ARRESTED FOR CONSPIRACY AGAINST BRITAIN FRUSTRATED.

Native Prisoners Wounded and Wards Were Assisted in Fight by Europeans.

Calcutta, Sept. 1.—The Central jail, where most of the men arrested for conspiracy against the British rule are imprisoned, is under a special guard of troops today as the result of the discovery of a plot for a wholesale jail delivery. Narendra Nath Gossain, a high caste Hindoo prisoner arrested for his revolutionary utterances revealed the plot and was shot dead by two other prisoners from whom he had learned the plot of jail uprising.

An immediate search of the jail showed many of the prisoners to have revolvers, ammunition and knives hidden in their cells and also disclosed that an uprising of the prisoners had been set for this evening.

A guard of troops was thrown about the jail and the leaders in the plot including the murderers of Gossain, placed in dungeons.

There were 33 native conspirators involved in the jail uprising and five of these were fatally wounded in the jail fight. European prisoners aided the wardens in overpowering the conspirators.

MORE ABOUT WATER

Do you say you are boiling your drinking water? Very good. Boiled microbes are less harmful possibly, but scarcely more appetizing, are they? Then you know you boiled the revivifying element all off and you are drinking dead matter that is clogging instead of cleansing, your system. Then don't forget the decomposition of those same germs, and the beautiful breeding ground formed thereby for myriad hosts more of the same character. Bottle some of the boiled water and set it away. Set a bottle of Chalybeate Spring Water by the side of it. Then after awhile go see what you have. You can leave it a few hours or a few weeks and the difference will become more apparent with each day.

Chalybeate Spring Water is pure. It is alive. It is healthful. You can't possibly make a mistake by drinking it exclusively. We deliver samples free. Ask for some.

14 SURVIVORS TO MEET

Members of the Ohio State Association of Mexican War Veterans will hold their annual reunion at the Warner House, Chillicothe, September 14 and 15, the anniversaries of important Mexican war victories. Fourteen survivors, the exact number attending the reunion last year at the Neil House, Columbus, have announced their purpose to attend. Mayor Wallace D. Yapple of Chillicothe, will deliver a welcome address and either General George F. McGinnis or Frank H. Hardy of Piqua will respond.

The last nine years the reunions were held at the Neil House. Captain John A. Fisher of Roxabell is president of the association.

The surviving veterans of the Mexican war residing in Licking county are Leonard Stelzer, No. 523 North Fourth street; Daniel Darlington, 87 Commodore street, and Henry Saeling, 156 Jefferson street, Newark. Elias Dew, the fourth survivor, died at his home in Newark, since the last reunion.

It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at F. D. Hall's drug store. 50c.

AMUSEMENTS

AT AUDITORIUM.

A large sized audience witnessed the new bill at the Auditorium last night, and were greatly pleased. The moving pictures, as usual were new and interesting. Mr. Harry E. Pearce comedian, singer and musician, gave an up to date monologue and musical act. He sang several songs that were evidently appreciated. In fact his act is clean and sparkling with wit. His jokes are new and not of the kind that require a veiled allusion to things that are not mentioned in polite society. To gain a laugh from his audience. We will welcome more of his kind.

The songs "Love Days," and "Might Have Been," which were illustrated with beautiful sets of slides, were well rendered by Miss King. To

attend this performance is well worth the time of anyone.

AN OPINION IN BLACK.

When Frederick Bechtel was in town announcing the appearance of John W. Vogel's Big City Minstrels, at the Auditorium theater, he was in an anecdotal mood, and related a story of a local mascot of Manager Vogel's at his home city, Columbus. Ever since that enterprising minstrel magnate first started on his own account he has seen to it that Uncle Josh, a professor of whitewash and wood saw, is eligibly placed in a "preserved seat," at the opening performance. Uncle Josh counts himself as a rare judge of minstrelsy and nothing out of the ordinary moves him to applause or commendation. Knowing this, the performers play at the ancient dinky and feel that they are safe in general approval if they win his favor. At Columbus when the troupe returned from the parade, Uncle Josh was a committee of one to welcome them. "You see, Uncle Josh," said Manager Vogel, "that the company is much larger than ever." "Yaas," returned the old man, deferentially doffing his hat with the air of a sage whose opinion was of value, "Yaas, it is perceptibly swollen."

AT THE GRAND.

This week presents an entire change of program. New pictures, new illustrated song and Orms Butterfield, the dual impersonator; also Isabel De Var, the girl that sings and talks. A big show for little money. Don't fail to attend the Grand this week. 31-3t

GRANVILLE

Granville, Sept. 1.—Contractor Lee is engaged in making extensive internal and external repairs on the Dunlevy residence, a short distance south of the village. Mr. J. C. Campbell of Columbus, who is the owner of this beautiful property is much interested in improving it. It was purchased by Mr. Campbell from Mr. J. R. Hughes of Columbus.

Among the many improvements being made in the village is that being made by Mr. M. P. Ashbrook on his residence on Plum street.

Miss Fannie Hill of Toledo, after a short but pleasant visit with relatives in the village, has returned home.

After a pleasant visit with her sister, Mrs. L. H. Cammack in Huntington, W. Va., Miss Blanche Le Ferre has returned home.

O. S. Jones has purchased of Charles Avery the promising trotter, S. F. Max, and now has him in training on the track at the Old Fort. He has made a quarter in 36 seconds.

Miss Grace Gillilan, daughter of the Rev. Frank Gillilan, formerly pastor of the Methodist church of this place, and who is now located in Delaware, has been visiting Miss Syrena Montgomery.

Mr. and Mrs. Robert Hislop, who have been making a prolonged stay in Northern Michigan, returned home the latter part of last week, having had a most enjoyable visit.

Mr. and Mrs. A. M. Nichols of St. Louis, Mo., are visiting relatives and friends in this vicinity. They expect to remain for some time.

Thomas Freeman and little son, James, of Bucyrus, are visiting relatives north of the village for a few days.

The wedding of Mr. Charles Matthews and Miss Mabel Butterfield will take place at the home of the mother of the bride this evening.

SUMMIT STATION.

The third annual reunion of the Moreland family was held in Alonzo Moreland's grove, August 26 with a large attendance, there being about 170 relatives and friends present. Those present from a distance were Mr. Basil Moreland from Centerburg, Mr. Theodor Moreland of Louisville and a number of relatives from Knox county. A sumptuous dinner was served and a good time was enjoyed by all.

The ladies of the Universalist church will hold their annual fair at the church in the afternoon and evening of September 12th, 1908. Every one is invited to attend and have a good time.

Miss Jessie Harper of Adelphi, O., is home on a short visit.

Mrs. Bertha Freeman of Galena visited her parents Saturday and Sunday. Miss Florence Sanford was the guest of relatives in Columbus the last of the week.

Mrs. Laura Griffith returned home last week after a few weeks visit with relatives near Newark.

Jos. S. Axline is still confined to his bed with malarial fever.

Mrs. Claude Blaney, who has been sick with typhoid fever, is much better.

Prof. R. S. Johnston of Appleton was calling on friends here Friday evening.

Mrs. J. D. Holcomb is visiting relatives at Union Station.

HAVE YOU MADE YOUR CONTRIBUTION?

It is not too late to make your contribution to Newark's growing Public Library. Almost all kinds of books are needed especially books of reference. Everyone should make it their special hobby to help build up one of the best educational institutions of the city. 6246t

Why Do You Delay Getting A McDougall Kitchen Cabinet

Why do you go on every day doing twice as much work as is necessary in the kitchen?

You Can Save Half the time you now spend in the kitchen by getting a McDougall—no more trotting from table to pantry, to cupboard and back to the table, dozens of times each meal. Spend the time resting or calling or doing things which you now have no time to do.

One Kitchen Cabinet. Is not as good as another and no cabinet will render you as good service as the McDougall. If it would, housewives who unknowingly bought the "just as good" kind without investigating the McDougall would not be throwing them out and putting in the Genuine Improved McDougall now.

The Real Cost of the McDougall is small compared with the results it gives—it will soon save enough food supplies to pay for itself and do it over and over again, because a McDougall lasts a life time in perfect condition and is not discarded after a short period of usage.

There is no plausible reason why you should not get a McDougall at once upon our popular terms.

Come in and let us show you the latest designs—what they are like—what they will do. Your coming to see will not obligate you to buy.

These Cool Mornings and Evenings Suggest Gas Heaters

Buy now on our popular terms and when the cold weather arrives you'll have your heater and have it paid for.

A FEW REASONS WHY YOU SHOULD BUY A SUNRAY.

Sunrays are cemented in every joint and are air tight, therefore will never leak offensive odors, fumes or sweat into the room.

Sunray combustion chamber is solid cast iron; no steel parts come in contact with the fire.

Sunrays have the greatest hot air circulating capacity of any gas stove made.

Sunrays will not make a dirty black spot on the ceiling. They send the hot air out into the room, where it is needed to do the most good.

Sunrays are the only Gas Stoves that provide for the disposal of the fumes so thoroughly as to make it absolutely safe to sleep in the same room in which they are burning.

Sunrays are high grade, the construction is extra heavy, throughout—and handsomely nickel finished.

Sunrays insure a low gas bill, a warm house and a satisfied family.

RAILWAY AFFAIRS
Payne Renominated
Republican Leader in House Says the Time for Revision Has Arrived.
Salmon, Sept. 1.—In an address accepting renomination, Sen. E. Payne, Chairman of the ways and means committee and Republican leader in the lower house of Congress, said he believed the time has come for action in the direction of revising the tariff.
"Our rivals in trade, Germany and France, have adopted a maximum and minimum tariff," he said, "and under our existing law we are unable to obtain their minimum rate without the great sacrifice to American industry. We can only meet them on their own ground with a maximum and minimum tariff. This consideration alone would be sufficient to justify a revision."

days of the fair, however, are to come.

Probate Court.
Fred Tyler a prominent citizen of Johnstown this county, applied in the Probate court Tuesday morning to get a certified copy of the naturalization papers of his father. They were obtained in the Probate court of this county many years ago under Judge Grasser and on investigation of the matter it was found that the name, William Tyler, was wrong in the papers. A hearing was had and the name was changed to Wickham N. Tyler.

DIRECTORS OF AGRICULTURAL SOCIETY MEET

Transact Important Business Previous to the Opening of Licking County Exhibition.
At the meeting of the board of directors of the Licking County Agricultural society held Saturday afternoon, ways and means of holding the fair which commences September 29; were discussed.
It was decided to make no immediate repairs on the building except to put them in condition for the fair. The board chose Orville Hayes Jamison as the recipient of the scholarship offered by the Ohio State university. There were three applicants who were successful in the recent Boxwell examination, and it was up to the board to pass on their merits.
A new gate was ordered built in the street car loop. In connection with this there will be a ticket office so that passengers will not have to go to the treasurer's office.
At an earlier meeting of the board a motion was passed against the issuing of any passes this year. In this matter they are simply keeping in touch with other societies of the state and will enforce the rule.
There will be several classes added to the live stock department and to some other lines, which will result in a larger exhibition in their lines than heretofore.
It was also decided to have no educational exhibit this year. Secretary Farmer and other members of the board have discussed the matter with Superintendent Simkins and other prominent educators of the county, and the consensus of opinion was that the exhibit be discontinued until a healthier interest was shown by the teachers of the county.
Next year the board will receive applications from teachers of schools to make exhibits for their respective schools, and should they receive sufficient encouragement will make ample provision and equipment for making their exhibits.
